

## Group activities monday d. 27. july 2015

Hi Jamborette participants

The distribution of the group activities in the activity periods 1 and 2 is in place. Much of the participant groups have reported their activities in, but there is still some missing. You who have reported activities in have got the activity period they wanted, and those of you who have requested financial support has been given this. We ask you to remember to bring your receipt, or alternatively submit this before the camp to [Susannebjerre@pigespejder.dk](mailto:Susannebjerre@pigespejder.dk).

The groups which have not yet reported an activity in for Monday. July 27, please remember to bring an activity at the camp and have the capacity to twice as many scouts as you have on camp. That is, if you have 10 scouts at camp, the activity should be able to accommodate 20 scouts.

Below you can see which period you have been assigned for the activity in the camp:
